

# Child Friendly Solutions

## Magic Wall

### Interactive Touch Screen

The ready to plug in and maintenance-free Magic Wall game machine offers games and children's cinema for even the smallest of areas. The wall-mounted machine requires an area of just (B) 55 x (H) 45-75cm and is only 15 cm deep.

The durable aluminum casing is fully powder-coated, the painted front panel can be individually designed. All paints used conform to EN71 Part 3 and adhere to the guidelines for children's toys and are saliva, perspiration and food safe.
